

mio[™]
all about you

Your personal eyewitness
on the road – in 2.5K 1440P

MiVue[™] 803

2.5K 1440P Wi-Fi GPS Dash Cam

Mio[™] Night Vision Technology

Utilizing cutting-edge **Mio[™] Night Vision Technology**, smooth and clear footage is ensured by our professional image tuning technology and our insistence on using glass lens for durability and high light transmittance.

Undisputable footage
1440P recording
Every detail captured and stored

Full HD 1080P
60 fps
Crystal clear video even at high speeds

Integrated
Wi-Fi
Real-time smartphone backup and OTA update

**Average
Speedcam Alert**

Calculate the remaining time, distance,
and average speed for you

GPS tracking

Superb picture quality
– 5M Sensor

Large aperture
F1.8

140°
wide angle view

Average Speedcam Alert

MiVue™ 803 shows the distance and time (seconds) to terminal speedcam, and also provides the speed limit and average speed of the interval.

* Safety camera and speed camera alerts are not active in France, Germany, Switzerland and Turkey.

60fps High Speed Recording

- When compared with conventional 30fps, this double data density allows for exceptionally detailed and smooth video even when recorded at high speeds.

60fps vs 30fps

Integrated Wi-Fi

- The integrated Wi-Fi will synch your footage in real-time to your smartphone. The firmware and safety camera data are easily updated via OTA (Over-the-air), ensuring your device is always up-to-date.

2.5K 1440P recording at 30 fps

- Designed with a 2.5K 1440 pixel camera, your dash cam captures all the necessary details of your journey.
- With a wide-angle lens, you can be sure that no part of your journey is left unrecorded.

VIDEO		HARDWARE		SOFTWARE
