Find your way in every weather

Measures your...
Speed, time, distance, calories burned and more

Integrated ANT+ sensor
Compatible wireless heart rate monitor
and wheel and cadence sensor*

* Requires heart rate monitor and cadence sensor, available separately.

Meet the Mio Cyclo™ 215: the easy-to-use bicycle navigation device for anyone who enjoys cycling. With full European cycle paths and road maps pre-installed, you are able to get started right out of the box. And thanks to the integrated ANT+, you can measure your performance at all times (requires heart rate monitor and cadence sensor, available separately).

The Mio Cyclo™ 215 allows you to navigate easily from point A to B or to follow your own preferred routes. If you choose to use the unique Surprise Me™ feature, the Mio Cyclo™ 215 will calculate three surprising bicycle routes based upon your entered time or distance. This is the ideal feature for anyone who has seen all the local routes and for those who like to be surprised in an unfamiliar region. This feature will continuously offer new bicycle routes, even if you always start from the same point.

The turn-by-turn navigation effortlessly guides you, indicating every instruction with a clear sound alert. With its large anti-glare 3,5" touch screen, the simple menu structure and clear on-screen buttons, the Mio Cyclo™ 215 offers you true ease of use.

The rugged waterproof casing (IPX5) ensures you can go cycling in any kind of weather, rain or shine. And with the long, rechargeable battery life of 10 hours, you can enjoy longer distances without having to worry about finding your way back home. Thanks to the pre-installed points of interests (POIs), such as bicycle shops, restaurants and emergency locations, you will always be able to locate some refreshments or a new tyre with ease.

The Mio Cyclo™ 215 measures time, speed, distance, height, calorie consumption and more. With the desktop application, you are able to store your data, manage your route history and share your experiences with your friends. The easy-to-use tool allows you to download routes and enjoy new roads and areas others find interesting. The application is also your one-stop shop for managing your device and downloading map updates or latest product information.

The Mio Cyclo™ 215 is the ideal solution for anyone who enjoys cycling, wants true ease of use and is looking for perfect value for money.

The Mio Cyclo™ 215 comes with a built-in ANT+ sensor, allowing you to easily connect with optional wireless heartrate monitor, wheel and cadence sensor.
