140°
wide angle view

Simplicity first –
Auto power on

Discreet

Out of sight, out of mind

The MiVue™ J30 is built to make your driving experience better. With its sleek design the device can be discreetly installed behind your rearview mirror, keeping your line of view clear.

2.5K 1440P recording at 30 fps

- Designed with a 2.5K 1440 pixel camera, your dash cam captures all the necessary details of your journey.
- With a wide-angle lens, you can be sure that no part of your journey is left unrecorded.

Integrated Wi-Fi

- Immediately back up your videos to your smartphone or share them via the MiVue™ Pro app, with the device's integrated Wi-Fi.
- You can also update the MiVue™ J30 firmware with Wi-Fi OTA (Over-the-air) update, ensuring your device is always up to date.

4M sensor

- High image and video quality is vital for showing what happened in the event of an accident. The MiVue™ J30 ensures that footage captured cannot be disputed.

3-Axis G-Sensor

- In the event of an accident or a sudden change of motion, the device's built-in G sensor instantly records vehicle's movements and ensures the recorded data cannot be overwritten.
