# Discreet

## and integrated look design

The MiVue™ J756DS is built to make your driving experience better.

With its sleek design the device can be discreetly installed behind your rearview mirror, keeping your line of view clear.

## Bundled with SmartBox III for Parking Mode - 2 in 1 Parking Mode:

- Passive Powered Parking Mode: Impact detection only
- Smart Parking Mode: Motion and impact detection

## Integrated Wi-Fi

- The integrated Wi-Fi will synch your footage in real-time to your smartphone. The firmware and safety camera data are easily updated via OTA (Over-the-air), ensuring your device is always up-to-date.

## GPS Safety Camera Warnings

- General fixed-distance warning
- Mio's patented Smart Alert: early alert for higher speeds
- Average Speedcam Alert
- Enjoy free safety camera data updates\*

\* Safety camera and speed camera alerts are not active in France, Germany, Switzerland and Turkey.
