

Hood Greentek Timna black matt

Ordering code: TIMNA

The intuitive system GestureControl facilitates comfortable control of the device.

It takes only three hand gestures to switch the hood on or off, change the power of its operation, or the intensity of light.

The touchless control system makes it easier to keep the device clean, at the same time fulfilling all the traditional hood control functions.

To turn the hood on, slide your hand horizontally from left to right. The same gesture is then used to turn up the speed.

To turn the hood off or lower the speed, slide your hand horizontally from right to left.

To turn on or turn off the hood lights you hold the hand up for about 2 seconds.

Speed timing: timer to enable programming automatic switch off at any given time between 10 and 90 minutes, with 10-minute increments.

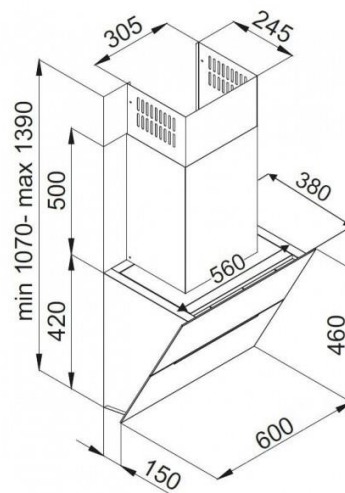

Dynamic light - the color of the light can be set.

Light dim

Remote control

Speed Timing

- Exhaust capacity min, m³/h: 170
- Exhaust capacity max, m³/h: 680
- Noise level min, dB: 40
- Noise level max, dB: 58
- Energy class: A++
- Fluid dynamic efficiency class: A
- Lighting efficiency class: A
- Grease filtration class: C
- Control: Gesture Control
- Speed levels: 3 + 1
- Output dimension, mm: 150
- Perimeter thrust: +
- Hood width, mm: 600
- Hood depth, mm: 380
- Remote blower: +
- Color: Black
- Design: Glass wall hood
