mount design

The complete package – MiVue™ T20 rear cam included

Your MiVue™ C420 Dual device comes with the MiVue™ T20 rear camera to compliment your dash cam, capturing details behind your vehicle and alleviating your blind spot. The MiVue™ T20 uses a 2M sensor and 130° wide-angle lens to record footage in crystal clear 1080p Full HD.

1080p Full HD recording at 30 fps

- Designed with a Full HD 1080 pixel camera, your dash cam captures all the necessary details of your journey.
- With a 135° wide-angle lens, you can be sure that no part of your journey is left unrecorded

2M sensor

- High image and video quality is vital for showing what happened in the event of an accident. The MiVue™ C420 Dual ensures that footage captured cannot be disputed

3-Axis G-Sensor

- In the event of an accident or a sudden change of motion, the device's built-in G sensor instantly records vehicle's movements and ensures the recorded data cannot be overwritten

Auto power on

- Don't waste time learning how to use complex devices. Simply power-up and you're ready to go. With an intuitive menu and large icons, the device couldn't be easier to use
