## Packaging dimensions per unit

L x W x H	160 x 110 x 10 mm
Weight	38 g

## Other data

Certificates	CE, FC, RoHS
EAN	4250197133371
Customs code	84139100900

## Article text

The mounting bracket allows Alphacool's Eisbecher reservoir to be mounted on all standard radiators with 120 mm fans. The 120 mm bracket allows for space-saving, easy placement of the reservoir in most cases and offers a variety of mounting options.

### Mounting example

In the front there is a radiator with fans installed so that the air pushes into the case. With the help of the mounting kit, the Eisbecher reservoir can be mounted on the back of the radiator to save space without affecting the airflow. This is only one possible example and you are free to use other mounting options.
