YEELIGHT

Yeelight Smart LED Bulb W3 (Multicolor)

The LED Lamp W3 (Multicolor) is much smaller than the previous generations of Yeelight bulbs. It offers atmosphere-related lighting with individual color choice (from 16 million colors), adjustable brightness and color temperature. The new color gradient function is available in Yeelight App to offer you a better color experience. The WLAN-enabled bulb supports voice control and can be operated with the smartphone* via Yeelight app (no hub needed).

*Compatible with Android 4.4 (or higher) & iOS 9.0 (or higher)
