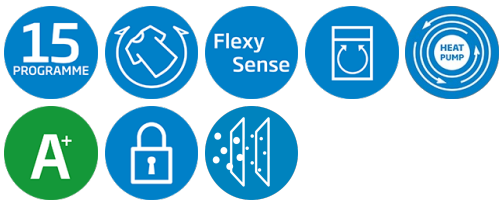
Notes:

condenser dryer with
heat pump technology

DS73S2PA

EAN: 8690842273605

- heat pump technology
- Combined filter mechanism
- Particularly slim - only 50.8 cm overall depth
- Energy efficiency class A+



The heat pump dryer DS73S2PA with a load capacity of 7 kg offers the right care for every textile with 15 programs such as Jeans, Outdoor / Sport, Hygiene+, Down and many more. The multifunction display shows you the remaining time, program sequence, start time preselection and the selected degree of drying as well as the warnings for cleaning the filter/condenser and emptying the tank. The combined filter mechanism makes cleaning the device easier, as the condenser only needs to be cleaned twice a year. The automatic crease protection ensures that fewer creases form if the laundry cannot be removed immediately after the end of the program. The acoustic signal at the end of the program can also be deactivated if required. Thanks to the particularly slim shape with only 50, With a total depth of 8 cm, the device always finds a place and can be set up as a tower on almost all washing machines. And thanks to energy efficiency class A+, not only is the environment protected, but also your wallet.

Technical specifications

functions

- Drain hose: yes, included
- Filling hole: Circular

- Drum design: Standard
- Door stop: right, not changeable
- Substructure: no
- Direct connection to the water pipe possible: Yes
- Remaining time display: Yes
- Washer-dryer column: possible
- Display: multifunction display
- Reversing drum: Yes
- Delay preset (h): 0-24
- Sensor Drying: Yes
- Exhaust hose: no
- Parental Control: Yes
- Signal deselection: Yes
- Anti-crease: Yes
- Display - activated child lock: Yes
- Indicator - Clean filter (LED): Yes
- Indicator - Clean condenser (LED): Yes
- Empty tank indicator (LED): Yes
- Program progress display: Yes
- Drum interior lighting: no
- Drum Material: Electroplated

programs

- Programs: Express, Refresh, Jeans, Gentle program, Time programs, Outdoor/Sport, Down, Hygiene+, Easy-care Iron Dry, Easy-care Cupboard Dry, Linen Cupboard Dry, Linen Iron Dry, Linen Extra Dry, Mix / Mini, Linen /Linen eco

- Number of programs: 15

Consumption values (VO (EU) 392/2012)

- Energy efficiency class: A+ 1)
- Program duration in the standard program, partially loaded (min): 115
- Duration of the left-on state (min): 30
- Program duration in the standard program, fully loaded (min): 189
- weighted program duration (min): 147
- weighted energy consumption (kWh): 1.26
- Energy consumption in the standard program, fully loaded (kWh): 2.29
- Condensation efficiency (%): 81
- Energy consumption per year (kWh/year): 276.5
- Condensation efficiency in the standard program, partially loaded (%): 81
- Energy consumption standard program, partially loaded (kWh): 1.26
- Condensation efficiency in the standard program, fully loaded (%): 81
- Standby consumption in "left-on mode" (W): 1
- Condensation efficiency class: B
- Standby consumption in "off-mode" (W): 0.5
- Noise level (dB): 65
- Noise level in standard program (dB(A)): 65

1) On a scale from A+++ (most efficient) to D (least efficient)

Technical specifications

- Fuse (A): 10
- Connected load (W): 900
- Voltage (V): 220-240
- Max Current (A): 4
- Frequency (Hz): 50

measurements and weight

- Height (cm): 84.7
- Width (cm): 59.7
- Depth (cm): 50.8
- Height - with packaging (cm): 88.5
- Width - with packaging (cm): 65.0
- Depth - with packaging (cm): 53.5

- Weight (kg): 38.50
- Weight - with packaging (kg): 39.50

General

- Type: Condenser dryer with heat pump technology
- Built-in device: no
- Color white
- Load capacity (kg): 7
