

Built-in hood Greentek AURORAW

Ordering code: AURORAW

Aurora is a built-in cooker hood, which can easily be placed inside cabinets.

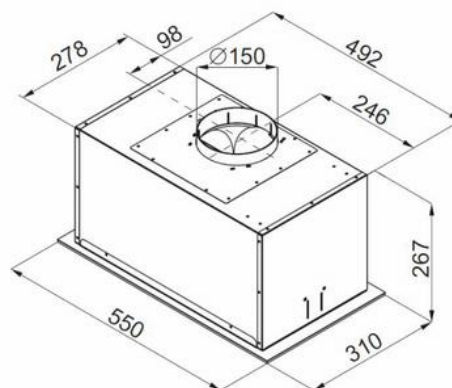

Touch control panel with automatic shut-down timer.

Light dimmer - The dimmer allows you to adjust the brightness of the light as you wish. With Aurora, lighting is customized for kitchen needs.

Delay of shut down - Technology delaying the end of the time of hood operation. Automatic switchoff after 10, 20 90 minutes allows efficient cleaning of air even after the end of the cooking process.

The CBLDC motor - thanks to the ball bearings and suspension on antivibration mounts which we developed, it guarantees an exceptionally quiet operation as well as cost-effectiveness (energy class A+++). In the first and the second gear it consumes only 8W and 30W.
