

Air Slimmer Series

Air Slimmer 90 ARGB

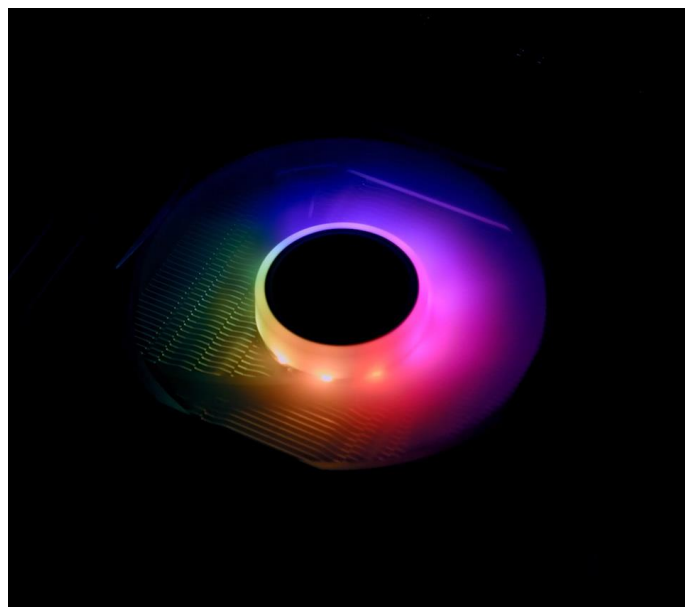

Enhanced performance 92mm slim fan with PWM and ARGB lighting effect

- 15.2mm thick slim fan with ARGB lighting, creates beautiful lighting effect for space-limited build
- Staggering performance 92mm fan with great airflow and static pressure
- Utilizes standard ARGB 4-1 Pin for compatibility, displays any color combination by use of an addressable RGB controller or capable motherboard
- Wide 500~2,500 RPM speed range via PWM control
- Integrated rubber padding helps to further reduce vibrational noise

Specifications

Model No.	SST-AS90B-ARGB
Material	Polycarbonate fan blades, PBT frame
Color	Translucent fan blades, black frame
Bearing	Hydraulic bearing
Connectors	4 pin PWM connector + 4-1 pin ARGB (5V LED)
Rated Voltage	12V
Start Voltage	6V
Rated Current	Fan: 0.32A LED: 0.45A
Rated Power	Fan: 3.84W LED: 2.25W
Speed	500 ~ 2,500 RPM
Airflow	5.38 ~ 45.73 CFM
Static Pressure	0.11 ~ 2.29mmH ₂ O
Noise Level	11.3 ~ 32 dBA
Dimension	92mm (W) x 15.2mm (H) x 92mm (D) 3.62" (W) x 0.6" (H) x 3.62" (D)
Weight	70g

Vivid ARGB lighting effects

Utilizing industry standard 4-1 pin ARGB connectors, Air Slimmer 90 ARGB allow display of different color combination by use of compatible motherboard or an ARGB controller

SILVERSTONE

Ideal for SFF applications

At only 15.2mm total thickness, the overall slim-profile design allows ease of installation with staggering cooling performance for space-limited systems.

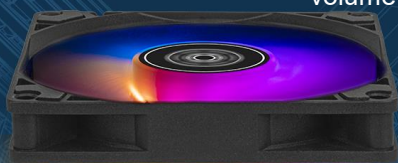

15.2mm

An all-rounder!

Engineered for heatsink & exhaust applications, the 11 high efficiency fan blades provide large airflow volume with great resistance level.

Tailored performance on demand

Wide 500 ~ 2,500 speed range via PWM control.
