

Qoltec Power strip | 6 sockets | 1.8m | White-grey

Product code: 50292

Power strip with an illuminated Quick Switch
Number of mains sockets: 6 pcs with earthing
Cable length: 1.8 m
Rated voltage: 230V / 50Hz

One strip, many possibilities

Are you looking for a way to connect several devices to one power source, which will allow you to organize cables, e.g. under the desk, behind the TV or in the kitchen? Or maybe you are organizing a workplace for yourself and your employees, e.g. in an office or in a workshop? **The best solution is a power strip, available in several variants, which will allow you to choose the one that best meets your expectations.**

Quick Switch and you run smoothly

Among our products, you will find strips with a different number of sockets and cable lengths, which guarantees to choose the right one. A practical element is the built-in **illuminated Quick Switch,** which is perfect as a footswitch **– when it is on, you can be sure that your devices will receive their dose of energy.**

Elegant design with your comfort in mind

The strip will fit **perfectly into the interior among which you place it.** It is possible, among others thanks to the classic grey and white housing. We have designed it based on **the latest trends,** combining **elegance with ease of use.** Make the simplest everyday objects harmonize with each other.

The safety of you and your loved ones is important to us

In order to protect you and other users of devices connected to the strip, we have equipped it with the following security measures:
– a protective barrier in all nests that **protects against children –** it is especially important in places where children are an integral part of life,
– made of **non-flammable PP material,**
– insurance.

Get more space

We know that at that time more and more devices are becoming SMART and we are well aware of the number of cables and chargers needed at home or in the office. In addition to the standard home or office equipment, we connect to power, for example, bluetooth headphones, which have gained immense popularity. **The presented model of the Qoltec skirting board will allow you to organize the space so that the enormity of cables does not disturb your sense of aesthetics.** The skirting board has handles, thanks to which you can easily place it in a **vertical** (e.g. on a wall) or **horizontal** (e.g. under a desk) configuration, thus hiding excess cables and **better organizing your space.**

Trust confirmed by warranty

You care about the quality of the product you buy, which is why **our projects and solutions are focused on meeting your expectations.** Each power strip we offer meets the requirements of the EU Regulation 2002/96 / EC. We have also added third party liability insurance for damages that may be caused by a defective product. They are also guaranteed for 24 months from the date of purchase.
