

SK6 ARGB

If you want a PC case that has high-performance cooling as well as a modern look with continuous glass, then the SK6 ARGB is the right choice. For an impressive illumination, there are three pre-installed ARGB PWM fans – two of which have a side-panel air intake to provide a balanced cooling despite the glass paneling. In addition, the stylish ATX case has a spacious interior for all the latest hardware and offers compatibility with modern BTF mainboards.

Features

- STYLISH DESIGN WITH GLASS FRONT AND SIDE**
 The SK6 ARGB is all about showcasing your hardware: The front and side are made of tempered glass and combine almost seamlessly to create a look that is both modern and chic.
- EFFECTIVE AIRFLOW DESPITE GLASS**
 The SK6 ARGB comes with three pre-installed 120 mm RGB PWM fans – two of which have a reversed airflow and efficiently draw fresh air into the case through the side panel. If even more cooling is needed, the system can be expanded to up to nine fans.
- OPTIMIZED FOR WATER COOLING**
 For those who rely on liquid cooling, the SK6 ARGB has installation space for a 360 mm radiator, and there is also the option of installing a second radiator with up to 280 mm.
- BTF READY AND VERSATILE COMPATIBILITY**
 In addition to classic mini-ITX, micro-ATX and ATX mainboards, the case also supports almost all common BTF mainboard layouts and thus offers maximum flexibility for all kinds of hardware configuration.
- EASY TO CONNECT**
 Peripheral devices, portable data storage devices, and headsets can be conveniently connected to the side of the SK6 ARGB via two USB-A ports and a TRRS port.
- LOTS OF SPACE INSIDE**
 Even with large hardware components, the inside of the SK6 ARGB still has air to breathe: Graphics cards up to 41 cm in length can be easily accommodated in the case, as well as CPU coolers with up to 17 cm in height. Power supply units with a length of up to 23.5 cm can also be installed. For data storage solutions, there is installation space for two 3.5" HDDs or four 2.5" SSDs.

Specifications

Product Name	SK6 ARGB
Form Factor	ATX
Expansion Slots	7
Interior Painting	✓
Tool-Free Devices Installation	✓
Cable Management System	✓
Side Panel	Tempered Glass
Color Versions	Black
Dimensions (L x W x H)	43.5 x 22.5 x 48.5 cm

Max. Drive Bays

2x 3.5" | 4x 2.5"

I/O

USB 3.0 (Top):2 | Audio (Top):TRRS

Fan Configuration

Side Panel	2x 120 mm ARGB PWM Fan (Pre-installed) + 1x 120 mm Fan (Optional) or Radiator* (Optional)
Rear Panel	1x 120 mm ARGB PWM Fan (Pre-installed)
Top Panel	3x 120 mm or 2x 140 mm Fan or Radiator (Optional)
Bottom Panel	2x 120 mm Fan (Optional)

Compatibility

Mainboard	Mini-ITX, Micro-ATX (BTF), ATX (BTF)
Max. Length Graphics Card	41.0 cm
Max. Height CPU Cooler	17.0 cm
Max. Length PSU	23.5 cm
Max. Height Radiator incl. Fan (Top)	6.0 cm

Package Contents

SK6 RGB, Accessory Set

EAN Code

SK6 ARGB 4044951045068

*A graphics card length of more than 26 cm may conflict with radiator installation on side panel
