

Spot

ANTIBES – R80172007

excl. 2x E14 · max. 28W

- **Wall- & ceiling mounting**
- **Lamp(s) not included**

The ANTIBES spotlight series impresses in matt nickel with chrome applications and alabaster glass, which ensures shadow-free and glare-free vision. You can choose between a single or multi-flame version. The individual spots can be individually aligned so that different living areas or elements can be emphasised by directing the light beam. The single and double-flame versions are perfect as additional lighting. They serve as decorative or orientation lighting and can provide individual lighting accents in the living room or hallway, for example. The two-bulb spotlight is suitable for wall and ceiling mounting and is 27.5 cm wide and 20 cm high. All light sources with an E14 socket and max. 28 watts can be used.

Material construction

Metal · Nickel mat
Glass · Alabaster coloured
