The CELESTE wall light combines stylish elegance with high functionality. Its unique metal and glass design creates special accents in any room. The futuristically designed glass shade fascinates with its matt surface, which creates breathtaking plays of light and a warm, inviting atmosphere. Whether on the ceiling in the hallway or as a decorative highlight in the living room - CELESTE always provides the perfect lighting. Thanks to the integrated SWITCH dimmer, you can control the brightness in three levels directly via the conventional light switch. This gives you full control over the light intensity and allows you to adjust the light to suit your mood or the time of day. The stylish combination of metal in coffee and white glass blends seamlessly into both modern and classic furnishing styles and allows the light to shine in any setting. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
