

Product name: ENDORFY Regnum 400 Air
Product code: EY2A008

The ENDORFY Regnum 400 Air is the home your components deserve — a proper mansion. It's spacious, but without overwhelming your room (472×442×220 mm) and can easily house everything you need for work and more.

The interior of the case is airy and can be extremely windy thanks to the mesh front panel and the possibility of installing up to 8 fans — 4 black Stratus 120 PWM fans are already included in the package. The ENDORFY Regnum 400 Air can also fit a large radiator (240/280 mm on the top, 360 mm on the front) for the truly arctic environment for your components.

The ENDORFY Regnum's vast indoors allows you to install up to 4 disks — either 2× 2.5" and 2× 3.5", or 4× 2.5". It also accommodates even E-ATX motherboards, a 275 mm long PSU, and a GPU up to 360 mm. With enough room left to swing a cat!

Wind's howling

The most famous white-haired monster hunter was right, the wind **is** howling. The Regnum 400 Air is not only roomy but also sports a mesh front panel, guaranteeing uninterrupted airflow and low temperatures.

And if you want to start a hurricane season, you can even install up to 8 fans. The Regnum 400 Air also gives you two options for mounting liquid cooling systems (240/280 mm on the top, and up to 360 mm on the front). Mesh front helps to maintain proper airflow while protecting your components from dust.

Have you met [Stratus](#)?

The Regnum 400 Air is a treasure chest, housing your precious rig. It even comes pre-equipped with jewels — you get 4 black Stratus 120 PWM fans, which we developed in collaboration with Synergy Cooling.

The Stratus 120 PWM fans are one of our favorites. These quiet heroes run on robust fluid dynamic bearings, and through a PWM signal you can slow them down to as little as 200 RPM. Cakewalk!

Showtime

If you take pride in your work and like to take an occasional peek inside your PC, the Regnum 400 Air has got you covered. Its sturdy tempered-glass window elegantly displays your shiny treasures [components](#).

[Enormous](#) potential

The Regnum 400 Air takes no prisoners — but it could hold a few. It offers plenty of space thanks to its sizable interior, without overwhelming your entire room.

The Regnum 400 Air can easily fit everything you'll need to [reign](#) (get it?) over the world. Within the case (which is 472×442×220 mm), you can install up to 4 disks (either 2× 2.5" and 2× 3.5", or 4× 2.5") and up to 8 fans. It also fits an E-ATX motherboard, a 275 mm long PSU, and a GPU up to 360 mm.

Additionally, you have two separate ways to mount liquid cooling systems — on the top (240/280 mm) or the front (up to 360 mm).

ENDORFY Regnum 400 Air – main features:

- Tempered glass side
- Ample internal space
- Multi-radiator capacity
- Airy and accessible front
- High airflow design
- Convenient cable design

ENDORFY Regnum 400 Air – technical specifications:

- Product code: EY2A008
- EAN: 5903018666273
- Product type: PC case
- Colour: black
- Dimensions: 472×220×442 mm (H×W×L)
- Motherboard form factor: ATX, microATX, ITX
- Video card clearance (GPU): 370 mm
- CPU cooler clearance: 162 mm
- Power supply clearance: ATX up to 296 mm
- Expansion slots: 7
- Number of bays:
 - internal:
 - 2× 2.5"/3.5"
 - 2× 2.5"
- Cooling system:
 - Fan capacity (maximum): 8
 - Fans (included): 4
 - Front: 3 × Stratus 120 PWM fan (200 – 1400 rpm)
 - Rear: 1× Stratus 120 PWM fan (200 – 1400 rpm)
- Radiator capacity:
 - Front: 1× 120, 240, 280, 360 mm
 - Top: 1× 120, 240, 280 mm
 - Rear: 1× 120 mm
- Dust filters:
 - Front: magnetic
 - Top: magnetic
 - Bottom: magnetic
- Front I/O:
 - 2× USB-A
 - 2× AUDIO JACK
 - 1× POWER button
 - 1× RESET/LED button
- Warranty: 36 months

ENDORFY Regnum 400 Air – logistics data:

- Retail box dimensions: 520×280×505 mm
- Weight (net): 6.300 kg
- Weight (gross): 7.300 kg

Set includes:

- Regnum 400 Air case
- 4× Stratus 120 PWM fan
- Installation accessories
- Safety instruction
