

Wall lamp

LUNGA – 212060142

excl. 1x E27 · max. 40W

- Dusk sensor
- IP44
- Lamp(s) not included

Set exciting light accents with the wall lamp LUNGA and transform your garden into an oasis of well-being. The luminaire has a twilight sensor, which automatically turns on as darkness falls. Thanks to the weather-resistant die-cast aluminum and IP44 protection, the wall lamp is also ideal for lighting your outdoor area. The stylish colour scheme in anthracite, in combination with a transparent glass, makes the wall lamp a real eye-catcher and provides a modern appearance. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
