Average Speedcam Alert

MiVue™ 818 shows the distance and time (seconds) to terminal speedcam, and also provides the speed limit and average speed of the interval.

Built-in Bluetooth®

- Download the mileage logbook easily via MiVue™ Pro app, and set the required time zone for mileage report outputting then send the report to assigned email account
- With the latest Find My Parked Car feature, MiVue™ 818 saves the GPS coordinates for the drivers. Connect to the device via Bluetooth, and you can easily find your car

* Requires GPS signal and Bluetooth connection when using Find My Parked Car & Mileage Report.

Smart Parking Mode

- When the engine is turned off, MiVue™ 818 automatically switches to Smart Parking Mode**. It can activate video recording when the sensor detects motions or impacts near the front of the vehicle. This helps collect evidence even when you're not in the car

** Requires Smartbox III, available separately.

60fps High Speed Recording

- When compared with conventional 30fps, this double data density allows for exceptionally detailed and smooth video even when recorded at high speeds
