

Your personal eyewitness on
the road – in 2.5K 1440P HDR

MiVue™ 903W Pro

2.5K HDR Wi-Fi GPS Dash Cam

STARVIS 2

STARVIS 2™ Technology

STARVIS 2 is back-illuminated pixel technology developed by Sony used in CMOS image sensors for security camera applications. STARVIS 2 technology provides clearer, sharper image quality and colors, while enhancing and optimizing brightness for night-time recording, ensuring more reliable driving footage.

Mio™ Night Vision Technology

Utilizing cutting-edge **Mio™ Night Vision Ultra Technology**, smooth and clear footage is ensured by our professional image tuning technology and our insistence on using all glass lens for durability and high light transmittance.

Sharper images with
HDR Recording
2.5K 1440P/30fps HDR

Sony's premium
STARVIS 2™ CMOS
Clear images even in low-light conditions

Record at all times with
**On-Demand
Parking Mode**
No additional accessories needed, activate
Parking Mode with the included Hardwire Kit

**Average
Speedcam Alert**
Displays real-time calculations of remaining time,
distance, and your current average speed

GPS Location tracking and
time synchronization

Integrated high speed Wi-Fi

2.5K 1440P at 60 fps

SuperMP4 format
writes in seconds

On-Demand Parking Mode

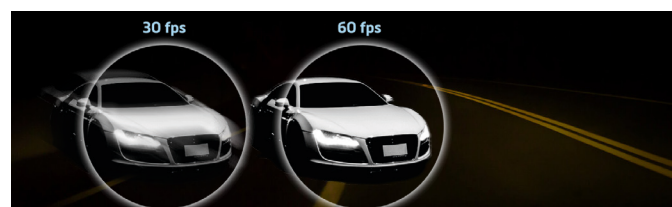

- On-Demand Parking Mode gives you control when you need it.
- The included 12V Hardwire kit lets you activate and customise right from the dash cam.
- No extra accessories required.
- With peace of mind, connect, set and go.

*(Not supported for use in 24V vehicles)

60fps High Speed Recording

- When compared with conventional 30fps, this double data density allows for exceptionally detailed and smooth video even when recorded at high speeds.

Average Speedcam Alert

- MiVue™ 903W Pro displays the distance and remaining time (in seconds) to the 'exit speed camera', along with the speed limit and your average speed within the monitored section

* Safety camera and speed camera alerts are not active in France, Germany, Switzerland and Turkey.

2.5K 1440P HDR recording at 30 fps

- With 2.5K 1440P HDR recording mode your dash cam captures all the necessary details of your journey.
- With a wide-angle lens, you can be sure that no part of your journey is left unrecorded.
