

Wall lamp

LUGO – 242910180

incl. 1x SMD, 12W · 1x 1450lm, 3000K

- Dimmable via switch
- Wallmounting
- Not suitable for external dimmer
- IP20

The lamps of the LUGO series are true decorative elements that enhance your home in an elegant way. The unusual, square design of the wall lamp becomes an eye-catcher in your living room or entrance area and also creates cosy light moments. The luminaire has a SWITCH dimmer, allowing the brightness to be graduated from 100% to 50% and 25% via a conventional light switch. The graceful colour design in matt black and gold underlines the noble touch of the design language. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, with LED lamps you benefit from a long service life, low heat generation and protect the environment at the same time.

Material construction

Metal · black-gold

Product dimensions

Width: 29cm
Height: 29cm
Weight: 0,8kg
