FEATURES

All-in-One Microphone

Using multiple condenser capsules allows the GV60 to switch pickup patterns depending on the situation.

High Resolution Digital Audio

Lossless recordings captured in detail with the sample rate of 24bit/96kHz.

Real-time Monitoring

The 3.5 mm headphone jack allows zero-latency playback to keep results in check.

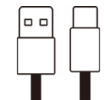

On The Fly Controls

Dedicated dials to adjust the volume for the microphone and headphones and a mic mute button.

Record Your Way

Mount on a boom arm with built-in threading, a 3 meter USB cable, and a pop filter with ease.

Plug & Play

No need for drivers or additional software, the GV60 lets you plug & record straight away on any platform at a desired angle.
