Description for catalogue

QUICK AND EASY HEATING, COOKING OR DEFROSTING.

The MW 7756 is perfect for defrosting, heating or cooking - in short: For all important tasks in the kitchen. Operation is easy: Thanks to the LED touch display and "EasySelect" concept, all functions can be accessed quickly - the acoustic signal can be switched on or off as required.

Quickly cook a small dish or defrost something from the freezer - with 8 automatic programmes, 10 power settings and defrosting by weight or time no problem.

Good to know: Three favourite dishes can be programmed (cooking time & power level) and called up at any time at the touch of a button.
