

Qoltec RACK cabinet 19" | 12U | 600 x 635 x 450

Product code: 54464

RACK cabinets are also called ICT cabinets or server cabinets. These are industrial devices used to organize space for IT equipment.

MULTI-PURPOSE USE

RACK cabinets are used to store servers, network devices, UPS power generators or switches – the task of RACK cabinets is to protect the equipment and guarantee its **stable operation and maintaining order in the IT sphere.**

They are used not only in the IT industry, but also in energy or industry, they are equipped with rubber shock-absorbing feet and a ventilation system, the main element of which are ventilation holes.

Organize a safe space

You don't have to worry about the stable functioning of the servers. **The space is organized and tidy, and servers and data remain secure.**
Rack cabinets are also an **integral part of each server room and guarantee the stable and effective operation of the data center.** They have many different parameters and variants of execution, so you will certainly **find a model that suits your needs.**

Trust confirmed by warranty

Do you care about the high quality of the product you buy? **Our solutions will meet your expectations.** The RACK cabinets we offer are covered by a 24-month contract valid from the date of purchase.

Technical data

Producer	Qoltec
Unit height	12 U
Material	SPCC Cold Rolled Steel, tempered glass
Maximum static load	70 kg
Usage	Server rooms Teletechnics Power engineering Industry
Additional information	Front door glazed with a lock Optional installation of plinth to enable cabinets fixation, under-base cable entry/ventilation Removable side panels to easy maintain Easy assembly Robust construction
Color	Black
Dimensions	600 x 635 x 450 mm
Package contents	RACK cabinet Mounting set Front lock Rubber shock-absorbing feet
Package depth / length [mm]	235
Package width [mm]	595
Package height [mm]	675
Net weight	18,7000 kg
Gross weight	23,6000 kg
Warranty	24 months
EAN code	5901878544649
