EA SPORTS FC™ 24 - PS5® Benefits

Lightning Speed: The ultra-high speed SSD maximises your play sessions with near-instant load times for installed PS5 games.

Haptic Feedback: Responsive vibrations react to your in-game actions so you feel every tackle, kick and goal hitting the back of the net.

3D Audio*: Experience what it feels like to play football on the biggest stages as 3D audio brings the stadium crowds to life.

HyperMotionV: HyperMotionV captures the game as it's truly played, using volumetric data from more than 180 professional men's and women's football matches to ensure player movements in-game accurately reflect real-world action on the pitch.

**3D Audio via built-in TV speakers or analogue/USB stereo headphones.*

PROBABILITIES CAN BE FOUND AT HTTPS://WWW.EA.COM/GAMES/EA-SPORTS-FC/NEWS/FC-PACK-PROBABILITIES</i> Play Closer with the PlayStation®5 Console – EA SPORTS FC™ 24 Bundle. Play EA SPORTS FC™ 24 with PS5 innovations including DualSense™ wireless controller haptic feedback, immersive 3D Audio and incredible speed with the PS5’s SSD. EA SPORTS FC™ 24 on PlayStation 5 • Lightning Speed: The ultra-high speed SSD maximises your play sessions with near-instant load times for installed PS5 games. • Haptic Feedback: Responsive vibrations react to your in-game actions so you feel every tackle, kick and goal hitting the back of the net. • 3D Audio*: Experience what it feels like to play football on the biggest stages as 3D audio brings the stadium crowds to life. • HyperMotionV: HyperMotionV captures the game as it’s truly played, using volumetric data from more than 180 professional men’s and women’s football matches to ensure player movements in-game accurately reflect real-world action on the pitch. <i>*3D Audio via built-in TV speakers or analogue/USB stereo headphones.</i>
Software Description 100+	EA SPORTS FC™ 24 is a new era for The World’s Game—the best players from the biggest clubs, leagues, and competitions around the globe playing together in the most authentic football experience ever created. Feel closer to the game with three cutting-edge technologies powering unparalleled realism in every match—HyperMotionV*, PlayStyles optimised by Opta, and an enhanced Frostbite™ Engine. HyperMotionV captures the game as it’s truly played, using volumetric data from more than 180 professional men’s and women’s football matches to ensure player movements in-game accurately reflect real-world action on the pitch. PlayStyles dimensionalise athletes, making them more authentic by interpreting real-world player data from Opta and other sources into signature abilities which heighten the realism and individuality of each player. The enhanced Frostbite™ Engine delivers The World’s Game in lifelike detail, bringing a new level of immersion to each match. Develop your own club legends in Ultimate Team™ by improving your players with the brand new Ultimate Team™ Evolutions, and welcome women’s footballers to the pitch alongside men as you craft your dream XI. Get closer to the touchline with new modern management features in Manager Career or pave your own path to glory in Player Career. Plus, connect and compete with more friends than ever through cross-play** in both Clubs and VOLTA FOOTBALL™.

	EA SPORTS FC™ 24 marks the beginning of the future of football built on innovation and authenticity with more than 19,000 fully licensed players, 700 teams, and 30 leagues including the UEFA Men's and Women's Champions League, CONMEBOL Libertadores, Premier League, Barclays Women's Super League, LaLiga EA SPORTS, Bundesliga, D1 Arkema, NWSL, and many more. PlayStation®5 in-game features: • Lightning Speed: The ultra-high speed SSD maximises your play sessions with near-instant load times for installed PS5 games. • Haptic Feedback: Responsive vibrations react to your in-game actions so you feel every tackle, kick and goal hitting the back of the net. • 3D Audio*: Experience what it feels like to play football on the biggest stages as 3D audio brings the stadium crowds to life. • HyperMotionV: HyperMotionV captures the game as it's truly played, using volumetric data from more than 180 professional men's and women's football matches to ensure player movements in-game accurately reflect real-world action on the pitch. <i>*3D Audio via built-in TV speakers or analogue/USB stereo headphones.</i>
