Wi-Fi
Real-time smartphone backup and OTA update

Average **Speedcam Alert**

Displays real-time calculations of remaining time, distance, and your current average speed

GPS Location tracking and time synchronization

Superb picture quality
– 4M Sensor

SuperMP4 format
writes in seconds

2.5K 1440P at
60 fps

On-Demand Parking Mode

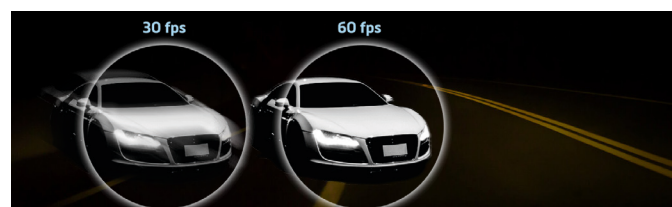

- On-Demand Parking Mode puts you in control when it matters.
- The included 12V Hardwire Kit enables activation and customization directly through the dash cam.*
- No additional accessories needed.
- Connect, configure with ease, and have peace of mind.

*(Not supported for use in 24V vehicles)

60fps High Speed Recording

- When compared with conventional 30fps, this double data density allows for exceptionally detailed and smooth video even when recorded at high speeds.

Average Speedcam Alert

- MiVue™ 803W Pro displays the distance and remaining time (in seconds) to the "exit speed camera", along with the speed limit and your average speed within the monitored section

* Safety camera and speed camera alerts are not active in France, Germany, Switzerland and Turkey.

2.5K 1440P HDR recording at 30 fps

- With 2.5K 1440P HDR recording mode your dash cam captures all the necessary details of your journey.
- With a wide-angle lens, you can be sure that no part of your journey is left unrecorded.
