

MULTIFUNCTIONAL INFRARED THERMOMETER

P303MED001

Multifunction non-contact infrared thermometer, suitable for detecting body temperature, liquids, objects and surfaces. With precision sensor that detects the temperature in a few seconds, and with backlit LCD display in three colors (green, orange, red) that allows you to see the results of the measurement clearly even in the absence of light. Equipped with memory up to 10 measurements, to keep track of temperature variations and monitor their performance.

MULTIFUNCTIONAL INFRARED THERMOMETER

P303MED001

PRODUCT SIZE: 4,1X4,4X15,3 CM

MATERIAL: ABS

BATTERY: 2XAAA INCLUDED

GROSS WEIGHT: 0,13 KG

PACKAGING SIZE: 9,3X5,2X17,5 CM

PACKAGING: GIFT BOX

UNITS X PARCEL: 6

UNITS X PALLET: 960
