

AUTOMATIC SOAP AND SANITIZING GEL DISPENSER

P201UTP004

Automatic dispenser with infrared operation, practical and hygienic. Thanks to the more resistant and performing motor, it is suitable not only for dispensing liquid soap and hand lotions, but also for alcohol-based sanitizing gel. The 3 adjustable dispensing intensities, the high precision sensor, and the anti-drop spout help to limit the waste of soap and sanitizing gel. Battery operation and on / off power button, to limit battery consumption when the product is not in use for a long time.
