FEATURES

Simple and clean lines and softly rounded edges are the typical design features of Deep by JIKA series. All variants are attractive for their modern shapes and perfect coordination of all details. The wall-hung toilet Rimless with a visible montage has a washdown flushing system and also saves water cistern to the Dual Flush system with the option of flushing only 4.5/3 or 4/2 liters of water. The contrast of the full body of the toilet and the ultra-thin seat is a beautiful detail of this product (the seat must be ordered separately). JIKA provides a 10-year warranty on the ceramic cistern.

Back to wall

Flushing system: **Washdown**

Installation type: **Wall-hung**

Outlet type: **Horizontal**

Rim type: **Rimless**

Shape: **Square**
