|                         |                                                                                                                                                                                                                                                            |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pause function          | The StopGo function stops the cooking and continues with the same settings after being re-activated.                                                                                                                                                       |
| ChildLock               | Yes                                                                                                                                                                                                                                                        |
| Timer function          | The countdown timer can be set for up to 99 minutes. If the optimum cooking time for a particular dish is known from experience, the timer can be set and the hob will switch off automatically when completed. A beep will signal that the food is ready. |
| StayWarm                | The StayWarm function keeps food at a constant temperature of 70°C until the time is right to serve the meal. The food retains its original flavour and temperature until it is served.                                                                    |
| Residual heat indicator | Yes                                                                                                                                                                                                                                                        |
| Type of control         | Touch control                                                                                                                                                                                                                                              |
| Product group           | Hob                                                                                                                                                                                                                                                        |
| Soft cut hob edges      | Another bonus is definitely flush installation, which means smooth transition between the hob and the worktop. It is easier to clean and brings a modern, stylish look to your kitchen.                                                                    |

**Basic information :**

|                                                             |                              |
|-------------------------------------------------------------|------------------------------|
| Basic color of product                                      | N/A                          |
| Type of electrical connection                               | N/A                          |
| Product group                                               | Hob                          |
| Brand                                                       | GORENJE                      |
| Product family                                              | G400                         |
| Product name / Commercial code                              | ECT643BSC                    |
| Commercial code                                             | 730352                       |
| EAN code                                                    | 3838782103858                |
| Construction type                                           | Built-in                     |
| Control type                                                | Electronic                   |
| Energy input                                                | Electric                     |
| Total number of positions that can be used at the same time | 4                            |
| Number of gas burners                                       | 0                            |
| Number of electric cooking zones                            | 4                            |
| Number of electric plates                                   | 0                            |
| Number of radiant plates                                    | 0                            |
| Number of halogen plates                                    | 0                            |
| Number of induction plates                                  | 0                            |
| Number of electric warming zones                            | 6                            |
| Location of control panel                                   | Front                        |
| Basic external material of hob surface                      | Ceramic Glass                |
| Hob color                                                   | N/A                          |
| Hob frame material                                          | Without frame                |
| Hob edges                                                   | Bevelled edges               |
| Electrical connection rating                                | 7000.0 W                     |
| Gas connection rating                                       | 0.000 W                      |
| Current                                                     | 0,0                          |
| Voltage                                                     | 220-240 V                    |
| Frequency                                                   | 50/60 Hz                     |
| Marks of conformity                                         | CE,EAC,UABREZ,6.00,BR689A    |
| Plug type                                                   | Without plug and supply cord |
| Width of the product                                        | 595 mm                       |
| Height of the product                                       | 54 mm                        |
| Depth of the product                                        | 520 mm                       |
| Width of the packed product                                 | 715 mm                       |
| Height of the packed product                                | 145 mm                       |
| Depth of the packed product                                 | 640 mm                       |
| Min height of installation niche                            | 70 mm                        |
| Max height of installation niche                            | 0 mm                         |
| Min width of installation niche                             | 560 mm                       |
| Max width of installation niche                             | 0 mm                         |

|                             |        |
|-----------------------------|--------|
| Depth of installation niche | 490 mm |
| Net weight                  | 7,7 kg |
| Gross weight                | 8,2 kg |
| Location of control panel   | N/A    |

## Features :

|                                                    |                                |
|----------------------------------------------------|--------------------------------|
| Short description of the product                   | BR6AC-T0 - ECT643BSC - G400    |
| Time-setting options                               | N/A                            |
| Capability of wireless communication               | N/A                            |
| Possibility to combine cooking zones/cooking areas | No                             |
| Automatic programmes                               | No                             |
| Location of 1st heating element                    | Front left                     |
| Type of 1st heating element                        | Double hi-light radiant heater |
| Dimension of 1st heating element                   | 120/210 mm                     |
| Power of 1st heating element                       | 800,/2200/0,0 W                |
| Location of 2nd heating element                    | Rear left                      |
| Type of 2nd heating element                        | Radiant heater - Hi-light      |
| Dimension of 2nd heating element                   | 145 mm                         |
| Power of 2nd heating element                       | 1200/0,0/0,0 W                 |
| Location of 3rd heating element                    | Rear right                     |
| Type of 3rd heating element                        | Oval hi-light radiant heater   |
| Dimension of 3rd heating element                   | 170X265 mm                     |
| Power of 3rd heating element                       | 1500/2400/0,0 W                |
| Location of 4th heating element                    | Front right                    |
| Type of 4th heating element                        | Radiant heater - Hi-light      |
| Dimension of 4th heating element                   | 145 mm                         |
| Power of 4th heating element                       | 1200/0,0/0,0 W                 |
| Power on indicator                                 | Yes                            |
| Plate on indicator                                 | 4                              |
| Type of regulation                                 | Step energy regulated          |
| Type of lid                                        | Without                        |
| Type of safety device for gas                      | 4                              |
| Residual heat indicator                            | Four parts                     |
| Main on/off switch                                 | No                             |
| Safety device                                      | Yes                            |
| Accessories included                               |                                |
| Electronic timer                                   | No                             |

## Energy label information / Performance :

|                                                                                   |       |
|-----------------------------------------------------------------------------------|-------|
| Application of EU Energy Label Regulation                                         | Yes   |
| Energy Smart appliance, able to optimise consumption pattern (2017/1369/EU)       | Yes   |
| Power consumption in off mode                                                     | 0 W   |
| Time needed for the appliance to reach the applicable low power mode or condition | 1 min |
| Power consumption in standby mode of hob- status display excluded                 | 0,3 W |
| Power consumption in networked standby mode of hob (WiFi enabled)                 | N/A   |
