

## Table lamp

### LENNON – R52176149

incl. 1x SMD LED, 2W · 1x 180lm, 3000K

#### Features:

- 4 level Touch function
- IP44
- Rechargeable battery operated
- USB connection

The puristically designed LENNON table lamp is ideally suited for both indoor and outdoor use. Thanks to being battery operated, the small light can be flexibly taken to any garden party. The mobile light can be easily charged via a USB-C connection. In addition, the table lamp has a 4-fold touch, so that the light intensity and thus the mood of the ambience can be determined individually. Due to the IP44 classification, the luminaire is protected against splashing water and therefore also suitable for outdoor use. The simple and reduced design in mushroom shape makes the pistachio green table lamp an unobtrusive decorative element that is particularly adaptable. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
