Highlights

Powerful motor

Thanks to the powerful 500 W motor, you can prepare all your daily meals in no time

ProMix technology

Patented technology combines our strongest motor with a uniquely shaped blade unit and splash guard — for optimal food movement, easy cleaning, and no mess. Fast and smooth results every time.

Anti-splash

The special wavy shape of the lower part of the hand blender prevents splashes and spills during mixing

Ergonomy

The robust and ergonomic design is handy and user-friendly for the consumer

One-touch button

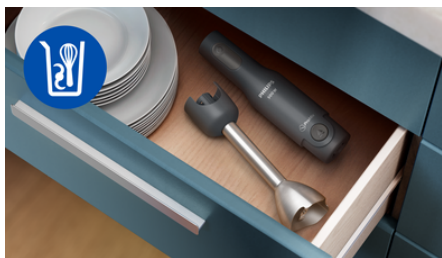

A one-touch button releases the blending bar with one hand. So you can remove it easily when you are done blending.

Easy to clean

Cleanup couldn't be easier. Due to the ProMix Technology you can release the blending bar and rinse clean under running water.

Compact for easy storage

Make the most of limited cupboard space. Our hand blender and attachments are designed for efficient storage.

Kitchen set

Explore the rest of our essential kitchen tools and create your kitchen set with the same design which offers long lasting performance.

Beaker

With the beaker of 0,5L you can blend any ingredient, while it is BPA-free which makes it ideal to blend baby food.
