

product data sheet

Delegated Regulation (EU) No. 392/2012

Supplier's name or trademark	GORENJE
model identifier	DNE8B
nominal capacity	8.0 kg
Art	condensing device
energy efficiency class	B
Weighted annual energy consumption	561.0 kWh/year
automatic tumble dryer	
energy consumption (E dry)	4.74 kWh
energy consumption (E dry1/2)	2.55 kWh
energy consumption (Eg dry)	- kWh
energy consumption (Eg dry1/2)	- kWh
energy consumption (Eg dry,a)	- kWh
energy consumption (Eg dry1/2,a)	- kWh
power consumption in the off state	0.25 W
power consumption in the left-on state	0.50 W
duration of the left-on state	5 minutes
The "standard cotton program" with full filling and partial filling is the standard drying process programme to which the information on the label and in the data sheet refers. This programme is for drying normal wet cotton textiles and is the most efficient in terms of energy consumption for cotton. test.	
Weighted program duration of the standard cotton program with full filling and partial filling	119 minutes
Program duration of the standard cotton program at complete filling (T dry)	150 minutes
Program duration of the standard cotton program at partial filling (T dry1/2)	95 minutes
condensation efficiency class	A
Average condensation efficiency (C dry)	91%
Average condensation efficiency (C dry1/2)	91%
Weighted condensation efficiency	91%
sound power level (weighted average)	65 dB
