

Wall lamp

XAVI – 2803031-06

excl. 3x E14 · max. 40W

- **Wallmounting**
- **IP21**
- **Lamp(s) not included**

Suitable wall lighting is important: not too bright, not too soft. That's why the XAVI wall lamp is perfect for mounting above or next to your mirror, for example. The frosted glass distributes the light well. The width is 40.5 cm and the projection is 6.3 cm. With its timeless chrome colour scheme and white satin-finished glass, the table lamp has a sophisticated look and can therefore be integrated into any interior style. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
