## Easy smart lighting

Designed for larger areas such as the bedroom, the medium Enrave ceiling lamp in white casts a subtle glow against the ceiling and powerful light downwards. This fixture offers warm-to-cool white light and a unique, contemporary look.

### Easy smart lighting

- Enjoy installation-free dimming straight out of the box
- Set the right mood with warm-to-cool white light
- Optimized light recipes for your daily activities
- Unlock full suite of smart light features with Hue Bridge
- Set up hands-free voice control

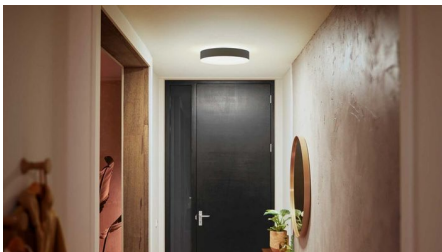

# Highlights

## Enjoy installation-free

Use the Hue dimmer switch to get instant control over your Philips Hue smart lights. With the touch of a button, anyone in the house can instantly dim or brighten the room, turn lights on and off, or set light scenes.

## Set the right mood with light

Choose from over 50,000 shades of warm-to-cool white light to create the perfect ambiance in your home for each activity and time of day. Use bright, white light each morning to start the day energized and alert, or match your evening wind-down routine with a dim golden glow.

## Optimized light recipes

Use the preset Philips Hue light recipes to fit your mood or activities throughout the day. Start your day with the bright white light of the Energize light recipe, or unwind with the subtle, soft light of Relax. Reading a book in the bath? Set the Read recipe for just the right light.

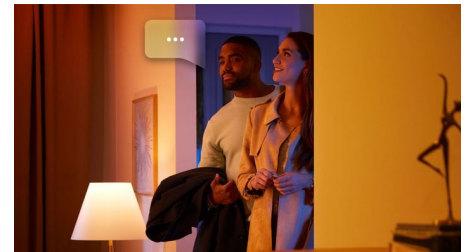

## More features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting

setup. Control your lights while away from home or add accessories such as motion sensors and smart switches.

## Set up hands-free voice

Philips Hue works with Amazon Alexa and Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Control multiple lights in a room or just a single lamp with simple voice commands.
