

Ceiling lamp

## CROSS – 606700632

excl. 6x E27 · max. 40W

- Slewable
- Ceiling mounting
- IP20
- Lamp(s) not included

Unconventional, creative and design-orientated. Minimalist luminaires such as those in the CROSS range set exciting accents and put rooms in the right light. The choice of colours and shapes creates contrasts - cleverly combined, they create a cosy component and a stylish ambience. The luminaire is a tasteful addition to almost any interior and, with a diameter of 57 cm, can be placed in larger living rooms or entrance areas. For a harmonious appearance, we recommend using a filament light source, as you have a direct view of the light source. The simple, straight-lined metal frame in matt black with bronze-coloured lampholders creates a harmonious overall look. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

### Material construction

Metal · Black mat

### Product dimensions

Height: 19cm  
Diameter: 56cm  
Weight: 1,1kg

### Technical data

Light source: excl. 6x E27 · max. 40W

operating voltage: 230V ~ 50Hz

Protection grade: 1

IP classification: IP20
