

DRAWER FREEZER

MPM-210-ZS-15

Type:

- compressor

Functions:

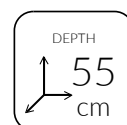

- freezing capacity: 6 kg/24 hrs.
- freezer temperature: -18/-24 °C
- warming up time in the event of the lack of energy (-18°C to -9°C): 20 hrs.
- thermostat knob on the front panel
- door opening angle 135°
- reversible door

Equipment:

- number of fast freezing compartments: 2
- number of cold storage compartments: 4
- adjustable feet

Technical data:

- noise level: D
- appliance net weight: 56 kg
- appliance gross weight: 63 kg
- refrigerant: R600a
- sound level: $L_{WA} = 43$ dB
- annual energy consumption: 227 kWh/year
- climate class: SN/N/ST/T
- power rating: 150 W
- power supply: 230 V ~ 50 Hz

EAN:
5903151029935

Master carton quantity:
1 pcs.
