CHIROS – a ceiling light with an antique look that creates a warm ambience in the living room or bedroom. It emits a warm white light to the ceiling and at the same time to the surroundings through the glass in the centre. The light has a diameter of 32 cm. The gold-coloured design creates a warm and atmospheric ambience. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
