Maxlife Bluetooth speaker MXBS-04 5W with membrane black

The Maxlife MXBS-04 speaker provides up to 20 hours of music thanks to a single charge. The Bluetooth speaker has a bass diaphragm that gives great quality to the bass section. The MXBS-04 has 5W of power with a 1200mAh battery. It can connect to devices via Bluetooth v 5.0. The speaker also has a microSD card reader. The whole thing is closed with a black, minimalist and durable casing in a matte finish.
