The COLINO pendant lamp radiates grace and elegance with its shade made of wooden slats. The striking curved design creates a warm and cosy lighting atmosphere and tastefully enriches your premises and interior style. The black wood in combination with metal in matt black has a harmonious effect and sets modern accents. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
