Description for catalogue

Innovative ceramic base technology - perfectly warmed and cooked without a turntable!

Square casseroles and large plates are no problem for the MW 7758 and its up to 80% larger usable surface*. Thanks to the innovative ceramic base technology with microwave reflector, this microwave completely dispenses with a conventional turntable and guarantees perfect results. Thanks to the integrated grill and the ultra-hot-air function with up to 230°C, it is easy to prepare a variety of baked goods. The separate slide-in grid even allows cooking on two levels, so that two dishes can be prepared at the same time.

The flat ceramic base also guarantees absolutely effortless cleaning and can be easily wiped clean with a damp cloth.

Operation is easy: Thanks to the LED touch display and Easy-Select concept, all functions can be accessed quickly. The button tones can be switched on or off as required.

Thanks to 8 automatic programmes, 10 power levels and defrosting by weight or time, the SEVERIN MW 7758 is the ideal addition to your kitchen. Good to know: Three favourite dishes can be programmed and called up at any time at the touch of a button.
