

## W330

### 4K Wi-Fi 6 Surveillance Camera, Faster Speed & Higher Stability

- 4K 8MP Ultra HD
- 2.4/5 GHz Dual-Band Wi-Fi
- IP67 Weatherproof
- Person/Vehicle/Animal Detection

## Specifications

| Video & Audio         |                                                                                 |
|-----------------------|---------------------------------------------------------------------------------|
| Image Sensor          | 1/2.7"CMOS sensor                                                               |
| Video Resolution      | 3840 x 2160 (8 megapixels) @20fps                                               |
| Video Format          | H.265                                                                           |
| Field of View         | Horizontal: 88.8° Vertical: 45.2°                                               |
| Infrared Night Vision | Up to 30 meters (100ft); LED: 2pcs/2W/850nm (Auto-switching with IR-cut filter) |
| Color Night Vision    | With spotlights: 1pcs/4.3W/6500K                                                |
| Audio                 | Two-way audio                                                                   |
| Detection & Alerts    |                                                                                 |
| Smart Alarm           |                                                                                 |
| Recording             |                                                                                 |
| Power                 |                                                                                 |
| DC Power              |                                                                                 |
| Wi-Fi                 |                                                                                 |

|                            |                          |
|----------------------------|--------------------------|
| WiFi Standard              |                          |
| Operating Frequency        |                          |
| WiFi Security              |                          |
| <b>Software Features</b>   |                          |
| System                     |                          |
| OS Supported               |                          |
| Protocols & Standards      |                          |
| Maximal User Access        |                          |
| Works with                 |                          |
| <b>Storage</b>             |                          |
| Local Storage              |                          |
| <b>Working Environment</b> |                          |
| Operating Temperature      | -10°C~+55°C (14°F~131°F) |
| Operating Humidity         | 10% ~ 90%                |
| Weatherproof               |                          |
| <b>Size &amp; Weight</b>   |                          |
| Size                       |                          |
| Weight (Battery included)  |                          |
| <b>Warranty</b>            |                          |
| Limited Warranty           | 486g                     |

## Gallery & Specs

1. Metal-Aluminum Housing
2. Spotlight
3. IR LED
4. High Resolution Lens
5. Daylight Sensor
6. Antenna
7. Bracket
8. Built-in Speaker
9. Built-in Microphone

1 microSD Card Slot
