

MICE

NAGINATA - WHITE

DESCRIPTION

An extremely lightweight (60g) symmetrical mouse with a honeycomb build and RGB lighting. Powered by an impressive Pixart PMW3389 optical sensor, it ensures precision, speed, and finally, results.

KEY FEATURES

- Thanks to the honeycomb shell, Naginata weighs only 60g, which means you can play longer and faster without fatigue. Increased airflow enhances your gameplay experience and provides maximum comfort. Dominate and enjoy the experience at the same time.
- Naginata is not just pretty on the outside. It is powered by Pixart PMW3389 optical sensor with up to 16000 DPI, ensuring maximum accuracy. With a 400 IPS tracking speed, up to 50g acceleration, and 1000Hz ultrapolling rate, you are sure to have a complete advantage over your opponents.
- Naginata is equipped with six independently programmable buttons which can also be used as macro commands. Side, back and forward button, along with the DPI button, are ergonomically placed for optimal fit and convenience.
- Choose your style. Each button can be configured in the Naginata software, including macro commands. RGB illumination and light effects can also be set to match a specified DPI level so you can tailor it completely to your taste.

SPECIFICATIONS

Bottom pads: PTFE

Mouse compatibility: Windows 7/8/10/MacOS

Chipset: 16.000 PWM 3389 + MCU 8948

Sensor type: Optical

Polling rate (Hz): 1000Hz

Acceleration: 50G

Software: Yes

Surface finish: Matte

Dimensions (mm): 126 x 65 x 39

Weight (g): 60g

Battery:

Range (m):

Illumination: RGB 16.8 M colors with switch

Type: 6D - 6 buttons

Cable length (m): 1.8m

Braided cable: Yes

Interface: USB 2.0

Lifetime: 50 M - OMRON switches

Resolution (DPI): 16 000 DPI

Material: Plastic

Color: White
