

Wall lamp

WANDA – 202670107

excl. 1x GU10 · max. 10W

- **Switch**
- **Flexible**
- **Wallmounting**
- **IP20**
- **Lamp(s) not included**

Create beautiful light moments in your bedroom with the classic wall lamp WANDA. Properly placed, it provides optimal illumination due to the flexible and individual adjustment options. The flexibility of the luminaire is extended with the FLEXconnect feature, as it is directly suitable for fixed connection even without a cable feed and can be operated via a conventional wall switch. In this case, the cord can be removed from the light. The modern and noble design is underlined by the colour scheme in matte nickel. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
