Dual 2.5K GPS Rider Dash Cam - MiVue™ MP30 GPS

Featuring 2.5K 1440p clear resolution, with options for 1080p 60fps high-speed recording and HDR mode optimized for low-light environments, it ensures crystal-clear footage both day and night, capturing every detail of your journey.

Buckle and Go

- Operate multiple functions effortlessly with the simplicity of a single button. Through magnetic sensing, the device initiates recording immediately upon attachment to the mount.

*Make sure the I/O port covers are secured while riding (USB-C/SD slot: non-waterproof)

Ride with No Fear

- MP30 GPS is designed with an IP67 waterproof rating, it offers reliable performance even in heavy rain and strong winds. A full charge delivers up to 4.5 hours of uninterrupted recording for your longest rides.

Integrated Wi-Fi

- The integrated Wi-Fi will sync your footage in real-time with your smartphone. The firmware can be easily updated via OTA (Over-the-air), ensuring your device is always up-to-date.
