

iQ800 Heat Pump Dryer 9kg WT47XE40

A+++

special accessories

WZ27410	connection set
WZ27400	Connection set with pull-out wool
WZ20600	basket

WiFi-enabled heat pump dryer with Home Connect: Enjoy maximum convenience with the self-cleaning function of the intelligentCleaning System and maximum ease of ironing with smartFinish.

- intelligentCleaning System: Only remove fluff after about every twentieth cycle.
- Control and access your dryer wherever you are - with the easy-to-use Home Connect app. (Available for iOS and Android)
- Reduces even severe creases before ironing: the smartFinish program for suits, shirts and blouses.
- A+++ : dries particularly efficiently.
- The TFT display comfortTouch offers maximum ease of use with the greatest variety of functions at the same time.
- Sensor-controlled autoDry technology prevents laundry from shrinking during drying.
- Outdoor program for gentle drying of functional textiles for sports and outdoor activities.

Furnishing

Technical specifications

Design : standing device

Removable worktop : No Door hinge : reversible on the right Length of connection cable (cm) : 145.0

Height of the worktop (mm) : 842 Dimensions of the device (mm) : 842 x 598 x 599 Net weight (kg) : 56.550

Fluorinated greenhouse gases : No

Refrigerant type : R290

Hermetically sealed device : Yes Amount of refrigerant (kg) : 0.149 Amount as CO2 equivalent (t) : 0.000 EAN number : 4242003858158

Connected load (W) : 1000

Fuse (A) : 10 Voltage (V) :

220-240 Frequency (Hz) : 50

Approval certificates : CE, VDE

Nominal capacity in kg of cotton for the standard cotton program at full load - new (2010/30/EC) : 9.0

Standard cotton program : Cotton cupboard dry Energy efficiency class (2010/30/EC) : A+++

Energy consumption of standard cotton program at full load for electrically heated household tumble dryers - new (2010/30/EC) : 1.61

Program duration of the standard cotton program at full load (min) : 215

Energy consumption of standard cotton program at partial load for electrically heated household tumble dryers - New (2010/30/EC) (kWh) : 0.90

Program duration of the standard cotton program at partial load (min) : 132

Weighted annual energy consumption for electrically heated household tumble dryers - new (2010/30/EC) (kWh) : 193.0

Weighted program duration of the standard cotton program at full load and partial load (min) : 168

Average condensation efficiency of the standard cotton program at full load (%) : 88 Average condensation efficiency of the standard cotton program at partial load (%) : 88 Weighted condensation efficiency for the standard cotton program at full load and partial load (%) : 88

iQ800 Heat Pump Dryer 9kg WT47XE40

Furnishing

performance and consumption

- Nominal capacity for the standard cotton program at full load: 9 kg of cotton laundry
- Type of dryer: condensation
- Energy efficiency class: A+++ on an energy efficiency class scale from A+++ to D
- Energy consumption of 193.0 kWh/year based on 160 drying cycles for the standard cotton program at full and partial load and the consumption of the low power modes. The actual energy consumption per cycle depends on how the device is used
- Energy consumption of the standard cotton program at full load 1.61 kWh and energy consumption of the standard cotton program at partial load 0.9 kWh
- Power consumption in off mode 0.1 W and in non-off mode 0.1 W
- Duration of the left-on state: 30 min
- The Cottons Cupboard Dry program is the standard drying program to which the information on the label and in the fiche relates. This program is suitable for drying normal wet cotton fabrics and is the most efficient in terms of energy consumption for cotton.
- Weighted program duration of the standard cotton program with full and partial filling: 168 min.
- Program duration of the standard cotton program with full load 215 min and program duration of the standard cotton program with partial load 132 min.
- Condensation efficiency class B on a scale from G (least efficient) to A (most efficient).
- average condensation efficiency of the standard cotton program at full load 88%; and average condensation efficiency of the standard cotton program at partial load 88%.
- Weighted condensation efficiency of the standard cotton program 88%.
- Sound power level: 62 dB (A) re 1 pW

programs

- Standard programmes: cotton, synthetics
- smart finish
- intelligentDry
- Special programs: hygiene, cotton, blouses/shirts, intelligentDry, lingerie, towels, smartFinish 1 shirt, smartFinish 5 shirts, smartFinish Business, pillows, Quick/Mix, Outdoor, Super 40, quilts, easy-care, wool finish, other programs, cold time program, time program warm

options

- Home Connect
- Anti-crease 120 minutes at the end of the program
- touchControl buttons: basic settings, ready in, anti-crease, memory 1, memory 2, options, power button, remote start, start / refill / pause, drying targets, 24 h ready in

comfort and safety

- intelligent cleaning system
- AutoDry: moisture-controlled drying programs

- Program selector with integrated on/off switch
- High-resolution TFT plain text display for intuitive operation
- softDry drum system: large stainless steel drum, driver in soft design
- anti-vibration design: more stability and smoothness
- Drum interior lighting: LED
- child lock
- Signal at the end of the program
- Glass door with frame, silver-black-grey
- metal locking hook
- Side-opening revolving door, right hinge, door hinge: changeable
- Comfort waste set

Technical information

- can be pushed under from a niche height of 85 cm
- Device dimensions (H x W x D): 84.2 cm x 59.8 cm x 59.9 cm
- Device dimensions (H x W): 84.2 cm x 59.8 cm
- Device depth: 59.9 cm
- Appliance depth including door: 63.4 cm
- Device depth with open door: 106.9 cm
- Heat pump technology with environmentally friendly refrigerant R290
