

Ceiling lamp

## ELMAU – 602100130

excl. 1x E27 · max. 60W

- **Ceiling mounting**
- **IP20**
- **Lamp(s) not included**

Natural materials such as wood and fabric are inviting and create a cosy atmosphere. The lights in the ELMAU series bring a cosy charm and a pleasant lighting mood into your home. Whether in the hallway, living room or bedroom, the vintage design ceiling light offers a wide range of applications. The light-coloured design in wood and beige fabric can be easily combined with different colour and furnishing concepts. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

### Material construction
