

SILVERSTONE

RC07

High-quality PCI Express 4.0 x16 riser card for RVZ02 and ML08

- Compatible with PCI Express 4.0 x16 expansion cards
- Custom tailored for RVZ02 and ML08

Specifications

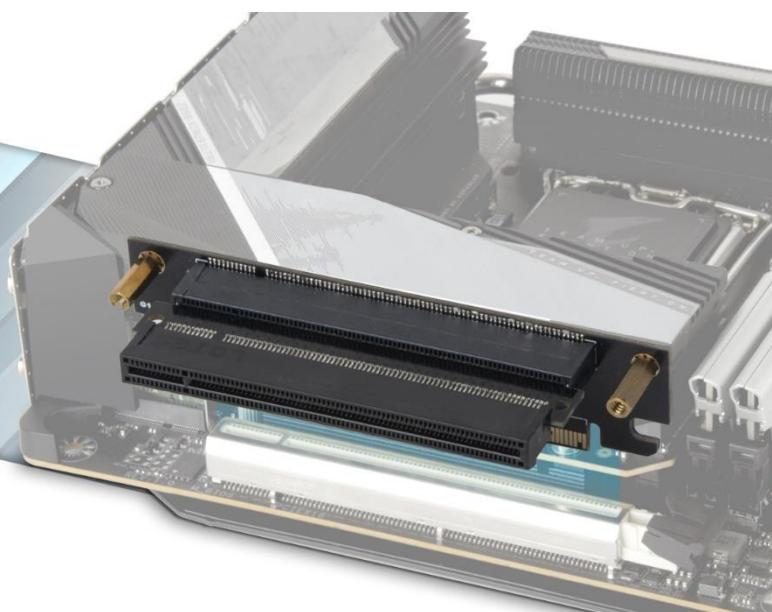

Model No. SST-RC07B

Interface PCI Express 4.0 x16

* The included riser card does not support PCIe 5.0. However, you can still use it with any PCIe 5.0 supported card and motherboard by selecting to run at PCIe 4.0 setting in your motherboard BIOS/UEFI.

** Due to limitations of the riser card, the combination of AMD CPU + AMD GPU will only support PCIe 3.0.

**Compatible with PCI Express
4.0 x16 expansion cards**

Custom tailored for RVZ02 and ML08
