Easy smart lighting

Set the mood in any room with the Philips Hue Iris special edition lamp, available in silver, gold, copper, and rosé. With a light that both washes the wall with color and offers a gentle backlight, the Iris provides a sophisticated, unique effect. Add a Hue Bridge to unlock more features.

Limitless possibilities

- Control with app or voice*
- A stylish plug-and-play lamp
- Beauty meets smarts
- Smart lights to help you wake up and go to sleep more naturally

Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Create a personalized experience with colorful smart light
- Set the right mood with warm to cool white light
- Get the perfect light recipes for your daily activities
- Unlock full suite of smart light features with Hue Bridge

Highlights

Control with app or voice*

Philips Hue works with Alice, Siri and the Google Assistant. Simple voice commands let you dim, brighten, or change the color of your lights, whether you want to control a single lamp or all lights in your home. Voice control requires a Philips Hue Bridge and a compatible partner device.

A stylish plug-and-play lamp

The Philips Hue Iris lamp offers a unique style that complements any home decor. Place the accent lamp anywhere in your home, washing the living room walls with colorful light or setting it on a bedside table for a gentle nightlight.

Beauty meets smarts

The Philips Hue Iris limited edition lamp in silver elevates an already iconic design. Thoughtful elements — the fabric-wrapped cord, metallic inner tube, transparent bowl, and mix of materials — work together to bring you a smart lamp that offers a unique light effect.

Smart lights to help you wake up and go to sleep more naturally

Pair your Philips Hue Iris limited edition lamp with the Hue Bridge to unlock Wake up and Go to sleep routines, which help you fall asleep and wake up more naturally. The lamp's deep dimming capabilities paired with its diffused backlight allow you to wake up to your own personal sunrise in the morning as your lights gently brighten, or gradually dim warm white lights to help you drift off to sleep easier.

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Create a personalized experience with colorful smart light

Transform your home with over 16 million colors, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theater, enhance your home decor with color accents, and much more.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Get the perfect light recipes for your daily activities

Make your day easier and more pleasant with four preset light recipes handcrafted especially for your daily tasks: Energize, Concentrate, Read, and Relax. The two cool-toned scenes, Energize and Concentrate, help you get going in the morning or keep your focus, while the warmer scenes of Read and Relax help support comfortable reading or calm a busy mind.

Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting setup. Control your lights while away from home or add accessories such as motion sensors and smart switches.
