SHARP
Be Original.

Superior efficiency, reduced noise levels and a longer lifetime are all delivered with the Advanced Inverter Motor making doing the laundry a pleasure rather than a chore.

Leaks happen but with the Aquastop you have the peace of mind that if a leak is detected the water supply is shut off to protect you and your home.

Program your dishwasher so that it starts at a time that suits you.

At the end of the machine's program the Autodoor allows for quicker and more efficient drying by opening to release steam.

Keep your children safe from accidentally using the microwave with the easy to set up Child Lock.

Advanced pump technology allows for one wash to be cleaned at two separate water pressures. Baked on food doesn't stand a chance in the bottom while the delicate glasses in the top are gently washed.
