

Your personal
eyewitness on the road

MiVue™ C512

Full HD 1080P Dash Camera

The MiVue™ C512 dash cam offers you that extra level of security in the event of an accident while on the road. Capturing the moment of impact can help provide proof before, during and after an accident.

Mio™ Night Vision Technology

Utilizing cutting-edge **Mio™ Crystal Vision Technology**, smooth and clear footage is ensured by our professional image tuning technology and our insistence on using all glass lens for durability and high light transmittance.

Capture all the details

Full HD 1080p at 30fps

Your dash cam captures all the necessary details of your journey

Superb picture quality

2M Sensor

For optimal view and superior recording

130° wide angle view

To capture every detail at critical moments

F2.0 aperture lens

This results in brighter and clearer videos, even in low light conditions

Super capacitor
(Super Cap) –
for extreme conditions

It has your back:
traceable movements –
3-Axis G-Sensor

Simplicity first –
Auto power on

2.0" screen –
Intuitive and user friendly

Dark mode for less distraction

MiVue™ C512 supports dark mode which makes the display easy on the eyes. Adjust the brightness by yourselves and use it in a low-light environment without any concerns.

1080p Full HD recording at 30 fps

- Designed with a Full HD 1080 pixel camera, your dash cam captures all the necessary details of your journey.
- With a 130° wide-angle lens, you can be sure that no part of your journey is left unrecorded.

2M sensor

- High image and video quality is vital for showing what happened in the event of an accident. The MiVue™ C512 ensures that footage captured cannot be disputed.

Super capacitor (Super Cap)

- Chargeable millions of times, the super cap offers a long and reliable life cycle.
- It provides enough power to safely shut down the dash cam when the power is cut, and also withstands extreme heat and cold.

3-Axis G-Sensor

- In the event of an accident or a sudden change of motion, the device's built-in G sensor instantly records vehicle's movements and ensures the recorded data cannot be overwritten.
